# **GOVERNMENT OF YUKON MULTI-YEAR CAPITAL PLAN PROJECT LISTING <sup>(1)</sup>**

The Multi-Year Capital Plan identifies Capital priorities and their related expenditures over the next four years (i.e. the current budget year plus the three subsequent fiscal years). Although subject to revision each year, the Multi-Year Capital Plan provides an overview of the Government of Yukon's future Capital expenditure priorities. As a framework document, the Multi-Year Capital Plan highlights the multi-year sustainable level of Capital investment targeted by the government.

Known priorities for future years are presented over a three-year horizon within the identified net Capital target for each fiscal year. The ongoing Capital planning processes will provide the government the opportunity to update the Multi-Year Capital Plan in response to changing and/or emerging priorities, changing market conditions and sector capacity, emergencies and other factors that may require government to revisit its Capital expenditure plan.
